MRC Agrotech Ltd

About MRC Agrotech

At **MRC Agrotech,** we believe that exceptional taste begins at the source. We are a quality-focused agro trading and processing company committed to delivering premium spices and agricultural products to domestic and international markets.

Rooted in India's rich agricultural heritage, MRC Agrotech specializes in sourcing, processing, grading and exporting whole and blended spices. Our products are carefully selected from trusted farms and processed under hygienic and controlled conditions to preserve their natural aroma, color, flavor and nutritional value.

With a strong emphasis on food safety, consistency and ethical sourcing, we have built long-term relationships with farmers, suppliers and global buyers. Every stage from procurement to final packaging follows strict quality control standards to meet international requirements.

We serve **wholesalers, importers, food manufacturers, retailers and private label brands,** offering bulk supply as well as customized packaging solutions. Driven by reliability, transparency and customer satisfaction, MRC Agrotech stands as a dependable partner in the global spice and agro supply chain.

MRC Agrotech Ltd

We specialize in **guar-based food and feed ingredients,** including **Food Grade Guar Gum Powder, Guar Korma Meal, and Roasted Guar Korma Meal,** tailored to meet the needs of global B2B buyers. From high-purity food applications to cost-effective and performance-oriented animal feed solutions, our products are manufactured with a focus on **quality, consistency and reliability.**

Whether you are a **food manufacturer, feed producer, wholesaler, importer or retailer,** we offer **customized specifications, flexible packaging options and dependable bulk supply.** Our export-oriented services **ensure competitive pricing, consistent quality and end-to-end support** from raw material sourcing and processing to packaging and global shipping.

Food Grade Guar Gum Powder

Natural Thickener | Stabilizer | Emulsifier

Food Grade Guar Gum Powder by **MRC Agro** is a high-purity, plant-based hydrocolloid derived from guar seeds (Cyamopsis tetragonolobus). Manufactured under strict quality and food safety standards, it delivers consistent performance across food and beverage applications.

KEY BENEFITS

- Excellent thickening efficiency at low dosage
- Improves texture, mouthfeel & product stability
- Prevents separation and syneresis
- Enhances freeze-thaw stability
- Supports gluten-free formulations
- Acts as partial fat replacer
- Natural source of soluble dietary fiber

MRC Agrotech Ltd

Food Grade Guar Gum Powder

Natural Thickener | Stabilizer | Emulsifier

REGULATORY INFORMATION

- **Botanical Name:** *CYAMPOSIS TETRAGONOLOBUS, L*
- HS-Code : 130 232 30
- CAS No. : 9000-30-0
- EEC No : E 412
- BATCH No : 1302 3290
- EINECS No : 232-536-8
- Imco Code : Harmless
- EINECS NO : 232-536-8
- FAMILY : LEGUMINOSAE
- PART USED : SEED
- VERNACULAR NAME : GUAR

APPLICATIONS

Bakery | Dairy | Sauces & Dressings | Beverages
Frozen Foods | Gluten-Free Foods

Guar Korma Meal

High-Protein Animal Feed Ingredient

Guar Korma Meal is a protein-rich animal feed ingredient obtained as a by-product after guar gum extraction from guar seeds. It is widely used in the feed industry as a cost-effective plant-based protein source.

KEY FEATURES

- Rich in plant protein
- Balanced nutrition with fiber & energy
- Suitable for various animal feed formulations
- Economical alternative to conventional protein meals

PRODUCT CHARACTERISTICS

Source: Guar seed by-product

Processing: Standard / unroasted

Nature: Non-GMO, plant-based

APPLICATIONS

Cattle Feed | Poultry Feed (controlled inclusion)
General Livestock Feed

Packaging : *Available in bulk and customized feed-grade packing.

MRC Agrotech Ltd

Roasted Guar Korma Meal

Premium Digestible Feed Grade

Roasted Guar Korma Meal is a value-added, heat-processed form of guar korma meal. The controlled roasting process improves digestibility, reduces anti-nutritional factors, and enhances nutrient absorption, making it suitable for high-performance feed formulations.

KEY FEATURES

- Improved digestibility and protein utilization
- Reduced anti-nutritional factors
- Better palatability and feed intake
- Consistent performance in animal nutrition
- Cost-effective premium protein source

PRODUCT CHARACTERISTICS

Source: Roasted guar korma meal
Processing: Heat-treated / roasted
Grade: Premium feed grade

APPLICATIONS

Poultry Feed | Aquaculture | Dairy & Cattle Feed
Export-Oriented Feed Formulations

Packaging : *Available in bulk and customized feed-grade packing.

Specification & Analysis of Guar Gum Industrial Grade (200 Mesh / 7000–7500 Cps)

1) Characteristics:

Microbiological:

	Limits	Results
Plate counts	Less than 5000cfu/g.	1150
Yeast & Moulds	Less than 500cfu /g.	70
Salmonella	Negative/25 g.	Negative/25 g.
E. coli	Negative/g.	Negative/g.

Heavy Metals:

Lead	Less than 2 ppm	<2ppm
Arsenic	Less than 3 ppm	<3ppm
Cadmium	Less than 1 ppm	<1ppm
Mercury	Less than 1 ppm	<1ppm

2) PACKAGE: 25 Kg net paper bag with inside liner
3) STORAGE: Keep in dry and fresh place, sheltered from light.
4) Manufacturing Date: _____, Expiry Date: _____

- Each production lot/batch is only released when all of the tests comply with the specification.
- Each and every lot/batch is subjected to a strict quality control review in our laboratories and test report is developing to document the results.
