We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, *"Review of interim Financial Information Performed by the independent auditor of the Entity"* issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under section 143 (10) of companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

With respect to the standalone Financial Results for the quarter ended on 30th June 2025 and for the year to date period from 01st April, 2025 to 30th June 2025, based on our review conducted, information mentioned in the following paragraph which has drawn our attention that nothing has causes us to believe that the standalone Financial Results for the quarter ended June 30, 2025, not prepared in accordance with the recognition and measurement principles laid down in the Indian accounting standards and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it may contains any material misstatement except for the matters mentioned below.

Other Matters

During the year, the Company entered into an assignment agreement dated 27 June 2025 with a Non-Banking Financial Company, whereby receivables aggregating ₹7,30,00,978 and trade liabilities aggregating ₹6,80,17,497 were assigned on a non-recourse basis. Under the terms of the agreement, the assignee assumed the obligation of directly settling the aforesaid trade liabilities with the respective creditors and agreed to pay the Company a net consideration of ₹49,83,481. The transaction has resulted in derecognition of the assigned receivables and liabilities in the Company's financial statements.
